

C8304-USB

USB and 3,5mm replacement PCB

07/2013 ALL RIGHTS RESERVED. Technical changes possible. No liability for misprints.

All installation work must be performed by a qualified professional installer only.
The manufacturer / dealer is not liable for any kind of incidental or indirect damages.

Take the original PCB.
One plastic part need to be removed and used with the new interface.

Remove the cover plastic tongue. Use a screwdriver, act on the two slits to shift out the plastic as shown in picture.

Take the front plastic removed in the previous step and mount it on the new interface. Make all the connections and replace in the car housing.
